Commission for Advanced California Paralegal Specialization, Inc. a not-for-profit entity established to design, govern and implement the CAS - California Advanced Specialist Examination Program. CACPS shall certify qualifying paralegals as having advanced knowledge in a specialty area of law such as Trial Practice, Corporations, and Real Estate Law. Certification is specific to California statutory and procedural requirements and case law. CACPS works closely with both national and regional paralegal associations to maintain an advanced certification program. CACPS relies on donations to continue its work.
